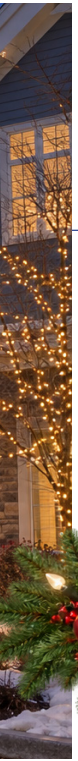
HOLIDAY LIGHTING & DÉCOR LOOKBOOK



Holiday Lighting
Designed for Your Property

Landscape America creates custom holiday lighting and décor programs designed to make an impression. From classic greenery and warm white lighting to statement displays and fully illuminated trees, we transform properties into elevated seasonal environments that deliver a memorable experience for tenants, customers, employees, visitors, and guests.

Our team manages every step, from planning and design through professional installation and seasonal takedown, delivering a polished holiday experience without adding another project to your plate.

Holiday Lighting Designed for Your Property

Design-Focused Execution

Every element is thoughtfully selected and placed to create a cohesive, professional holiday display.

Extensive Décor Options

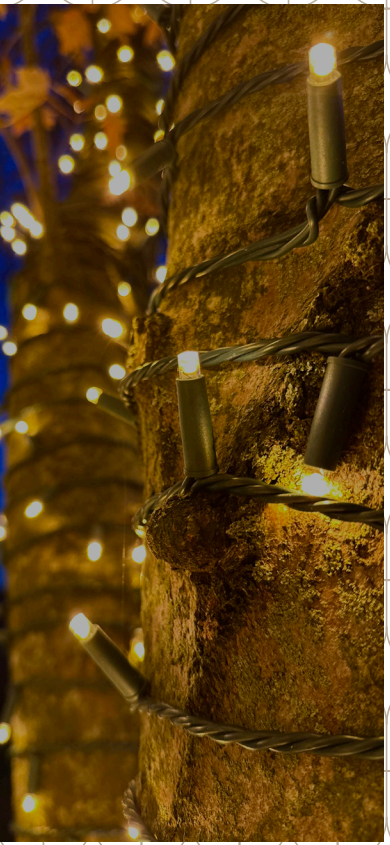
From classic greenery and architectural lighting to large-scale statement pieces, we offer a wide range of options to fit different properties and budgets.

Consultative Approach

Every program is specific to your property, priorities, and vision.

Safety-First Planning

We evaluate access, power, installation requirements, and site conditions before installation begins.



From Inspiration to Installation

STEP 1 I **SITE ASSESMENT**	We start by evaluating your property and identifying opportunities for lighting and décor.
STEP 2 I **DESIGN**	We develop a customized concept based on your space, desired aesthetic, and budget.
STEP 3 I **INSTALL**	Our professional crews bring the design to life with careful installation, safety-focused execution, and attention to timing.
STEP 4 I **REMOVAL**	At the end of the season, we coordinate takedown and removal, along with storage when applicable.

Tree Wraps

Trunk & Branch Wrap
Full tree wrap for complete coverage. Lights are tightly wrapped up the trunk and continue out to individual wrapped branches.

BEST FOR Campuses • Plazas • Property Entrances • Arboretum-Style Landscapes

Canopy Wrap
Trees wrapped up the trunk and elegantly wrapped around the outer perimeter of the tree canopy.

Evergreen Trees & Shrubs

Classic Evergreen Wrap
Evenly spaced lighting for a balanced, traditional look.

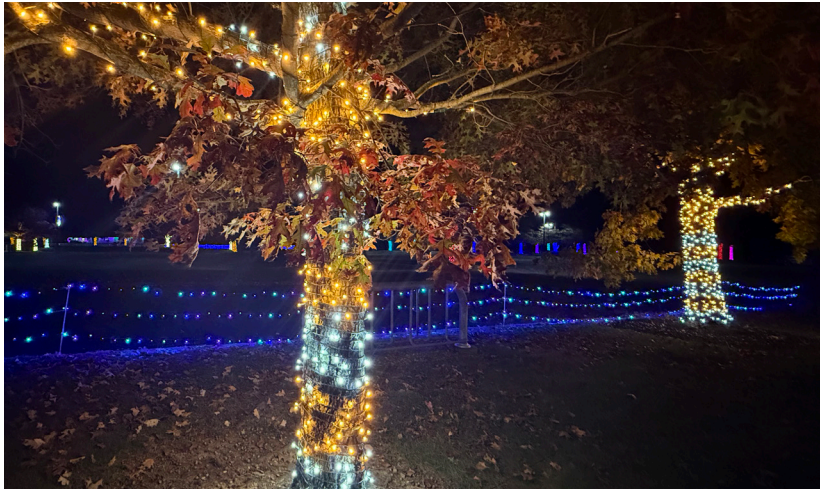
High-Density Evergreen Wrap
Closely spaced lighting for a fuller, brighter display.

BEST FOR Property Entrances • Walkways • Plazas • Courtyards • Landscaped Borders

Shrub Lighting
Lighting across the foliage to highlight each shrub's shape.

Lighting Options

Warm White
Timeless, sophisticated, and polished.

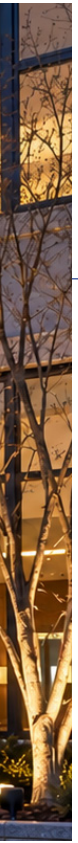


Custom Colors
Coordinate lighting with your property, brand, or desired theme.

BEST FOR Campuses • Plazas • Property Entrances • Arboretum-Style Landscapes

Uplighting & Spotlights
Highlight mature trees and landscape features with dramatic uplighting, including color-changing options for added versatility.

Single or Multicolor
Bright, energetic, and festive.



Building & Façade Lighting

Thoughtfully placed lighting and seasonal features can accent entrances, architecture, gathering areas, and other high-visibility elements throughout the property.

Large Wreaths & Statement Pieces	Create prominent seasonal focal points at entrances, façades, and other high-visibility locations. Oversized options can provide the scale needed for large commercial buildings.
Architectural Outline Lighting	Define rooflines, columns and key building features with crisp, intentional lighting.
Pole-Mounted Displays	Add snowflakes, reindeer, stars, and other seasonal motifs.

Poles & Columns

Lights Only
A clean, illuminated wrap for a simple, polished look.

Garland & Lights
Layer greenery and lighting for added depth and visual interest.

Garland, Lights & Bows
Combine classic holiday elements for a festive feel.

BEST FOR Warehouses • Big-Box Retail • Roadside Visibility • Commercial Campuses

Holiday Décor, Designed to Fit Your Property

Level 1

Seasonal Glow
Roofline lighting and wrapped trees bring a warm, welcoming touch to the property.

Level 2

A Festive Welcome
Illuminated garland and red bows on the entrance columns add a festive focal point.

Level 3

Holiday Radiance
Additional shrub and canopy lighting extend the display across the building and landscape.

Level 4

The Complete Holiday Look
A wreath, draped garland, and seasonal planters complete a coordinated holiday display.

Building & Façade Décor

Bows & Accents
Decorative details that complete the look.

Garlands
Ideal for entrances, railings, columns, light poles, fences, guardrails, and building façades.

Wreaths
Choose from traditional, pre-lit and statement options for entrances, façades, and other focal points.

BEST FOR Plazas • Parking Areas • Building Entrances • Pedestrian Walkways

Building & Façade Décor Options

Balsam Fir Wreath

Unlighted

Lighted

Fresh

Artificial

TIP Complete the look with a **bow!**

Kissing Balls

Garlands

Available Wrapped or Draped

Planters & Ground-Level Décor

Planters and ground-level features create an opportunity to add color, texture, and lighting where tenants, customers, and visitors experience the property up close.

Winter Planters — Seasonal arrangements featuring fresh greens, red twig dogwood, and other winter accents create a polished seasonal look.

Illuminated Planters — Incorporate mini-lights, illuminated stems, or light sticks to extend the visual impact after dark.

BEST FOR Retail Streetscapes • Corporate Entrances • High-Traffic Pedestrian Areas

Build Your Own Planter

Noble Fir Bunch

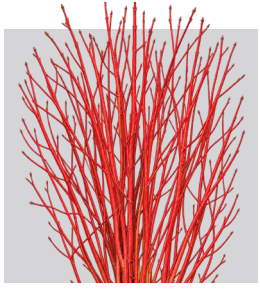
Balsam Fir Bunch

German Boxwood Bunch

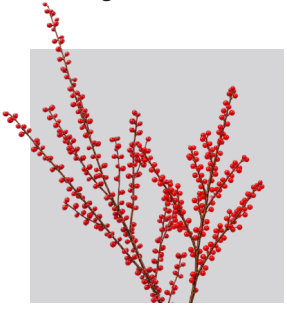
Magnolia Bunch

Sugar Pinecones

Birch Logs



Red Twig Dogwood



Ilex Red Berry

Bring the Holiday Experience Indoors

Lobbies, atriums, and shared spaces offer opportunities to create immersive seasonal moments that go beyond traditional décor.

Lobby Trees	From classic decorated trees to unexpected options such as upside-down installations, interior trees can become the centerpiece of the space.
Hanging Installations	Use existing rafters, anchor points, and overhead spaces for suspended stars, ornaments, illuminated elements, and chandelier-style displays.

BEST FOR Lobbies • Atriums • Corporate Headquarters • Hotels • High-Traffic Interior Spaces
